# THE FRENCH QUARTER'S MOST UNIQUE VENUE

## ABOUT THE SPACE

---

The Bevolo Gas & Electric Lights Museum and Showroom offers a one of a kind event venue and experience in the heart of the French Quarter. With over forty handcrafted, open flame, copper lanterns adorning an exposed brick wall from street to courtyard, Bevolo offers a rich and warmly illuminated backdrop that can easily be transformed into the perfect space for corporate events, cocktail parties, seated dinners, or intimate weddings.

The venue provides two entrances, from Royal Street and Exchange Alley, as well as a romantic, interior courtyard. Through the courtyard, guests can enter the Bevolo Workshop filled with antique fixtures, old work tables and vintage memorabilia. We can even arrange for Bevolo Coppersmiths to be on-site during your event, handcrafting lanterns for your guests to see.

We look forward to hosting your next special event and sharing our history and tradition with you and your guests.
