“We wanted that experience of sleeping in the forest,” says Booth of the multiple screened-in porches. The Vitali sofa, upholstered in **Perennials**’s Snazzy fabric in Pumice, is by **Janus et Cie**. Garden stool, **Emissary**. Bold Stripe outdoor rug, **Perennials for RH**. **Restoration Hardware**. **Opposite, top:** The kitchen counters are quartzite. **“You get the interest and quality of marble, yet it’s dense like granite, and you just can’t ruin it,”** Booth says. The shelves are Booth’s own design. Prism Ring pendants, **Early Electrics**. **Opposite, bottom:** Booth also designed the ultrawide front door; it’s painted in **Fine Paints of Europe**’s E13-60 in high gloss.
