Toast the outdoors with this glass and decanter set, embellished with waterfowl drawings by the late wildlife artist **Richard E. Bishop** (\$68, richardebishop.com).

Charleston event designer **Tara Guérard** didn't have to look far to find inspiration for her new cocktail napkins. They're embroidered with the image of her front gate, designed by the acclaimed Holy City iron artisan **Philip Simmons** (\$40 for a set of four, letteredolive.com).

Pop a candle into **Bevolo's** miniature copper patio lanterns for evening ambience that rivals that of the French Quarter—no gas line required (\$300, bevolo.com).
