VIEWPOINT

BEVOLO GAS & ELECTRIC LIGHTS

The Governor Pool House Lantern offers a soft candlelight glow, perfect for any outdoor setting. These portable fixtures are hand-riveted in New Orleans and crafted out of stainless steel or pure American copper.

ELEMENTS OF STYLE

1 In a powder room, a serpentine copper spout hovers over a tapered stone basin. 2 Custom arched gates crafted of African mahogany allow light and air into the central atrium. 3 Figural stars carved into a painted paneled ceiling evoke the night sky. The curtains are beaded steel.

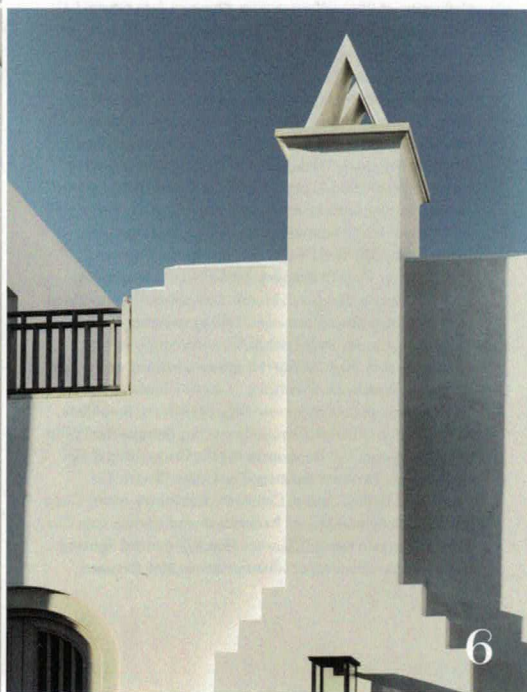

4 Double-height stairs lead to the two upper wings of the house (guest and childrens' quarters). The railings are white oak. 5 A scalloped star motif greets guests in the entry and repeats throughout the home. 6 Smooth stuccoed concrete highlights the atrium chimney's geometric form. 7 A large decorative window ushers additional light into the master bedroom. 8 A linear drain filled with loose pebbles traces a path around the pool's shellstone coping.
